[https://sceh.eyesmartmr.in/sceh/emr/clinics/ophthalmology/casesheet/discharge\\_summary.php?case\\_id=88448&result=1&appt\\_msg=](https://sceh.eyesmartmr.in/sceh/emr/clinics/ophthalmology/casesheet/discharge_summary.php?case_id=88448&result=1&appt_msg=)

To WHOMSOEVER IT MAY CONCERN, (DIYA MEDICARE FOUNDATION)

Most PRYAG (s/o Mr. RADHEY SHYAM), aged 7 year is a known case of High myopia both eyes and is noted to have lattice degeneration in the retina and requires detailed retina evaluation to look for holes in the peripheral retina in both eyes under General Anaesthesia (As child is uncooperative during office evaluation). Hence the patient requires an EUA (Examination under Anaesthesia) + Indirect laser Borrage which can cost approx. 35000/-

Thanking You

Shriy
